

Crest at Wailuna Driveway and Sidewalk Paint Policy

The ACC has adopted a Driveway and Sidewalk paint policy.

This standard gray color “Timberwolf” is authorized for all Crest unit driveways and sidewalks in front of the single picket fences or gates. (Not on driveway curbs),

Although taken from the Euclid Universal color chart, it is not an endorsement of that particular product. It is provided as a sample color to display the authorized gray color that should be applied, when a unit does exterior painting on their sidewalks and driveway.

For safety reasons, the ACC recommends adding a gripping or nonstick agent. This will aid in the prevention of slips, trips and falls.
